DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 4 is rejected under 35 U.S.C. 102(2) as being anticipated by Chen US patent 5,859,487.

Chen'487 discloses a stator structure for a motor (1,Fig.4) comprising, a single siliconsteel plate (column 1 line 15,Fig.3) having a plurality of tooth portions formed on two opposing sides of a logistically extended main body potion in staggered relationship (1,Fig.4), said main body portion of the silicon-steel plate being formed into a tubular cylinder with the plurality of tooth portions extending radialy there from,(Fig.4), an insulating layer (2,Fig.4,column 2,line 38) covering at least one surface portion of the silicon-steel plate and a winding (3,Fig. 4 column 2,line 44) being wound on the insulating layer.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance:

The prior art of the record in particular Chen"487 does not teach or suggest a production process for a motor composing the steps ,including inter alias ,forming a main body portion having a rectangular corner with a plurality of tooth portions formed

Art Unit: 2834

on two opposing longitudinally extended side thereof from a single silicone-steel plate, said plurality of tooth portions being arranged in staggered relationship and bending said plurality of tooth portions to extend orthogonally from one surface of said main body;

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Iraj A. Mohandesi whose telephone number is 571-272-2028. The examiner can normally be reached on M-Th.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Darren Schuberg can be reached on 571-272-2044. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
